

KCStar P1 integrated dimensional

KCStar P1 integrated 3D dimensional is the ideal product to be use as standalone 3D dimensioning and barcode reading application. Manual 1 by 1 measurement system allow use to completely measure their parcel and match together with the airway bill on the parcel. Integrated with today computer processor simplify the integration with customer exiting parcel handling system.

- Camera Pixel : 1000W
- Image Resolution : 3840*2748
- Field of View ≤400mmx500mm
- Depth of View ≤520mm
- Barcode Optical Resolution : 9.4mil
- Barcode Type : code128/code39/code93/Codabar
- Scanning Speed : 3200+ Pcs/ H
- Weighing Accuracy : excluded
- Weighing Range : excluded
- Measument Platform : 400mmx500mm
- Waybill Image Collection and Data Transfer

Part	Component	Specification
Computer	CPU	Processor: i3 Memory: DDR4 4G Hard Disk: 64G SSD Windows 7
	Display	21.5 Inch
	Wireless Mouse	Included. USB port.
	Audio	Included. USB port.
Camera	Industry Camera	1000W
	Lens	12mm
	Switch	12V,5A
	LED	6W
Scale	Certificate	IP67
	Surface Area	40cm*50cm
	Indicator	240*110*159 mm
Belt	Roller	/
	Belt	/
	Controller	/
Stand	Stand	L:W:H: 50*60*195cm
